Career Summary

Secure Nordic Payments UAB, Head of AML
Vilnius - Aug 2024 - March 2025

- Led AML analytics team across KYC, monitoring, and investigations, building performance dashboards and quality metrics. **(Power BI)**
- Designed data-driven AML processes—risk models, onboarding flows, and SOPs.
- Developed & tested transaction monitoring rules via historical data analysis and false positive optimization.
- Managed audit remediation through root-cause analysis.
- Created analytics-based training from case quality trends and performance data insights.
- Collaborated cross-functionally to integrate data-driven AML controls into business processes.

Revolut Bank UAB, Regulatory Compliance Manager
Vilnius - Feb 2024 - May 2024

- Conducted data audits & QA reviews to ensure analytical accuracy and compliance standards. **(Looker, SQL)**
- Managed sanctions screening operations with risk analysis, reporting, and performance metrics.
- Handled data documentation & management for audit trails and operational reporting.

Danske Bank, AML Officer (Junior → Senior)
Vilnius, Lithuania | Aug 2019 – Feb 2024

- Analyzed transaction data and customer financial patterns to investigate ML/TF alerts, identify risk indicators, and prioritize high-risk cases.
- Monitored financial activity across customer portfolios, detecting anomalies through pattern recognition and trend analysis.
- Developed data-driven insights for suspicious activity reporting, process optimization, and performance dashboards. **(Power BI)**
- Led ODD/KYC risk assessments using customer profiling and transaction history analysis.
- Drove process improvements by analyzing team performance data, case trends, and operational metrics.
- Built cross-team data collaboration channels and delivered analytics-focused training sessions.
